About us

At Dalby View we provide 24-hour care and support for eight young adults with physical and learning disabilities. We aim to ensure that this is not just a place to live, but is a home, and the people living here are encouraged and enabled to make their own choices and decisions in as many aspects of their lives as possible.

Our aims

To provide a high quality service based on the needs and wishes of each individual with particular emphasis on promoting independence and encouraging choice. We offer this within a caring, safe and homely environment.

To encourage as full and active a lifestyle as possible and support each person to develop social and living skills to enable them to play as full a part in the local community as they wish.

To enable each person to achieve as high a level of personal fulfilment as possible.

Personalised Support

The needs of the person using the service are paramount in the design and delivery of the support, which is developed on an individually assessed basis with each individual and their families. People who use this service maintain regular contact with social services, and access doctors, chiropodists, opticians and dentists on an individual basis. Strong community links are developed and access to community resources is encouraged.

Support Team

A competent, caring and committed staff team is available to meet the needs of those who use our services. Training and development of staff is a key priority for us to ensure service delivery is of the highest standard.
